

Brushy Creek Watershed Director

Vacancy Announcement

The Brushy Creek Watershed Conservation District is seeking candidates for appointment to a vacant director position.

Watershed Directors are five unpaid volunteers who direct their Watershed's programs. There are four watershed boards in Anderson County with elected Watershed Directors: Big Creek, Broadmouth Creek, Brushy Creek, and Three & Twenty Creek. All Watershed Directors are elected for a term of four years by voters residing within the watershed. County elections are held in November for the following year's term to begin December 1st. The Anderson County Soil & Water Conservation District oversees the Watershed Boards. In the event a position becomes vacant during a term, the position can be advertised and appointed to fill the remaining elected term.

Through a unique partnership with the federal and state agencies, technical, administrative and financial assistance is provided through conservation districts by the U. S. Department of Agriculture – Natural Resources Conservation Service (federal) and the S. C. Department of Natural Resources – Land, Water and Conservation Division (state).

Potential candidates must reside in the watershed district. This can be confirmed by contacting the Anderson County Elections office at (864) 260-4035.

To apply, please submit a resume and a cover letter stating your interest in serving on the board. Submissions should be emailed to andersonswcd@live.com or mailed to Brushy Creek Watershed Board, 1521 Pearman Dairy Road, Anderson, SC 29625. Submissions should be received in our office no later than June 10, 2026.

If you would like more information, contact the Anderson Soil & Water Conservation District at (864) 844 - 8215.
